

Fight purse structure—Fight purse structures are specifically designed for each venue.

For example, if you sell 25 tickets at £40 each (£1000), that's a £150 fight purse + £140 commission, totalling £290 that you will receive. In this example it would be wise to buy an extra ticket yourself, putting you up to 18% commission and a £175 fight purse. $£175 + £180 - £25 = £330.00$
